

Personalize Your EBS Application with APEX

A personalized approach for greater flexibility and productivity

Benefits:

- ▶ 30% to 70% reduction in your Forms- or ADF-related EBS personalization costs
- ▶ Ability to reuse the EBS skills previously acquired by your staff
- ▶ Streamlined transfer of knowledge to your inhouse developers
- ▶ Availability of APEX resources

Features:

- ▶ Integration approach supported by Oracle
- ▶ In line with Oracle recommendations, best practices, and standards
- ▶ Emphasis on lightweight Web interfaces
- ▶ Unique authentication between EBS and your APEX applications
- ▶ Controlled handling of EBS data across APIs
- ▶ Partitioning and reuse of EBS data security
- ▶ Processing of EBS data through interactive reports
